Education

Brackenfield University, Alder Ferry June 2027
Bachelor of Science in Computer Science; Minor in Information Systems GPA: 3.7/4.0
Coursework: Data Structures, Human-Computer Interaction, Applied Statistics

Projects

My Test App Nov 2025 – Feb 2026
Dart, HTML, C++, CMake

- Built a Flutter application in Dart and C++ with continuous integration, iterating over 18 active days.

Aksab Admin Jan 2026 – Apr 2026
Dart, C++, CMake, Swift

- Extended a Flutter admin app in Dart, C++ and CMake, maintaining CI checks across 30 days of active development.

Activities & Extracurriculars

Cascadia Student App Guild, Build Support Lead Sep 2025 – Present

- Noticed peer app submissions failed CI due to inconsistent data models between screens and wrote a short data-modeling checklist for teammates.
- Started summarizing test failures and usage notes for weekly meetings, shifting discussion from feature requests toward what the data actually showed.

Skills & Interests

Language: C/C++
Frontend: HTML/CSS
Data: Data Modeling
DevOps: CI/CD, GCP/Azure, Kubernetes, AWS
Quality: Unit Testing
Mobile: Flutter, Native iOS/Android
Product: Technical Writing
