Education

Palmerston University of Applied Sciences, Palmerston Dec 2026
Bachelor of Science in Computer Science
Coursework: Object-Oriented Programming, Mobile Application Development, Web Development, Databases

Projects

Lanchesmac Oct 2021 – Apr 2022
C#, ASP.NET Core MVC

- Completed a guided ASP.NET Core MVC course project building a snack-sales website in C#, structuring the app across 245 files.

Familybudgetcontrolalurachallenge Aug 2022 – Aug 2022
C#

- Built a C# API for tracking family budgets as part of an external back-end coding challenge.

Apptreinos Dec 2024 – Sep 2025
Dart, Flutter, C#, C++

- Shifted from back-end coding exercises to building a Flutter and C# mobile app for tracking gym workouts and sharing routines.
- Sustained the project over 28 active days, discovering a stronger interest in software people carry with them than server-side code.

Activities & Extracurriculars

Palmerston Gym Buddies Meetup, Organizer Jan 2025 – Present

- Organized casual meetups for the app's early users, gathering feedback on confusing workout-logging steps and adjusting the flow.
