Education

Greenholt Polytechnic, Greenholt May 2027
Bachelor of Science in Computer Science; Minor in Information Systems GPA: 3.7/4.0
Coursework: Operating Systems, Computer Networks, Database Systems, Linux Systems Administration

Projects

Learning Code Nov 2025 – Jan 2026

Shell, JavaScript, Java, TypeScript

- Worked through a large multi-language coursework repository spanning Shell, JavaScript, and Java, organized across more than 1,200 files.
- Added an automated test suite and Docker packaging to practice reproducible environment setup.

Pybo Oct 2021 – Oct 2021

Python, HTML, CSS

- Built a small Python, HTML, and CSS web app to learn basic backend-frontend integration.

Experience

Greenholt Polytechnic IT Services, Greenholt Sep 2025 – Present

Student IT Assistant

- Diagnosed recurring lab machine failures and traced several to inconsistent Docker configurations between shared containers.
- Wrote a short internal guide after classmates kept misconfiguring Linux permissions on shared lab servers.

Activities & Extracurriculars

Greenholt Linux Users Group, Member Jan 2026 – Present

- Helped a classmate recover a broken dual-boot setup, which led me to start keeping personal notes on common Linux recovery steps.

Skills & Interests

Language: Java, Python, Shell Scripting, SQL, JavaScript

Frontend: HTML/CSS, Next.js

Data: Data Modeling

DevOps: Docker, Linux & Server Administration, Kubernetes

Quality: Unit Testing

Product: Technical Writing
