

Naledi Kruger

Sable Ridge | (555) 010-0119 | naledi@sableridge.example | linkedin.example.com/in/naledi-kruger | github.example.com/naledi-kruger

Education

Sable Ridge University, Sable Ridge Jul 2027
Bachelor of Science in Information Systems GPA: 3.65/4.0
Coursework: Web Application Development, Mobile Development, Cloud Computing Fundamentals, Networks

Projects

Nexora Website Dec 2025 – Aug 2026
JavaScript, HTML, CSS

- Built a Next.js and React marketing site styled with Tailwind CSS, adding continuous integration after an untested change broke the deployed build.
- Wired up recharts-based data visualizations for the site's dashboard pages, working through mismatched data shapes between the API and chart components.

Dita App Nov 2025 – Jun 2026
Dart, HTML, C++, CMake

- Developed a Flutter mobile app in Dart, working through native C++ and CMake build configuration to support platform-specific functionality.

Bingwa Sokoni Application Aug 2025 – Apr 2026
HTML, CSS, JavaScript, PowerShell

- Automated a set of manual service-ordering steps with a PowerShell and JavaScript script, turning a repetitive task into a single command.

Activities & Extracurriculars

Sable Ridge Web Guild, Deployment Helper Mar 2026 – Present

- Took over a club project's flaky CI pipeline after repeated silent failures blocked a demo day, adding clearer build logs so teammates could self-diagnose failures.
- Grew curious about what happened after a push and started reading about the runners and containers behind the pipeline.

Skills & Interests

Language: JavaScript, TypeScript

Frontend: Tailwind CSS, React, Next.js, Frontend State Management, HTML/CSS

Data: Data Visualization

DevOps: CI/CD

Mobile: Flutter, Native iOS/Android
