Experience

Meridian Bay Retail Group, Meridian Bay Jul 2021 – Jun 2023
Marketing Analyst

- Compiled weekly sales and campaign reports by hand, spending hours reconciling spreadsheets before each Monday planning meeting.
- Taught herself Python and pandas to automate the reporting process after a formatting error delayed a quarterly review.

Projects

Global Superstore Sales Analysis Sep 2021 – Jul 2025
Jupyter Notebook, pandas

- Analyzed profit, sales and profit ratio across a multi-year sales dataset, identifying patterns worth flagging to a merchandising team.
- Presented findings in a format aimed at non-technical stakeholders, translating profit-ratio trends into a short set of recommendations.

Customer Segmentation Ecommerce Department Store Mar 2023 – Mar 2023
Jupyter Notebook, pandas

- Segmented e-commerce customers by purchase and transaction behavior, translating cluster results into descriptions a non-technical reader could use.

Customer Lifetime Value Prediction Regression Aug 2022 – Feb 2023
Jupyter Notebook

- Built a regression model estimating customer lifetime value from spending and product history to flag high-value customers.

Education

Meridian Bay College of Business, Meridian Bay May 2021
Bachelor of Arts in Marketing
