

Diego Park

Colverton | (555) 010-0137 | diego.park@colvertonmail.example | linkedin.example.com/in/diego-park | github.example.com/diego-park

Education

Colverton Institute, Colverton May 2024
Bachelor of Science in Computer Science; Minor in Educational Technology GPA: 3.6/4.0
Coursework: Web Application Development, Database Systems, Technical Communication, Mobile App Development

Projects

Todolist Nodejs, Personal Project May 2023 – May 2023
JavaScript, EJS, CSS

- Built a task-tracking web app with Node.js, Express, MongoDB and EJS templates.
- Covered core routes with an automated test suite to catch regressions early.

Sadra Doc, Personal Project Jul 2022 – Apr 2023
Kotlin

- Developed an Android reference app in Kotlin, using Dagger and Hilt for dependency injection across modules.
- Structured the app's build with Gradle across 71 files over eight months of iteration.

Portfolio, Personal Project Jun 2023 – Jul 2023
JavaScript, CSS, HTML

- Built a personal portfolio site in React, styled with Emotion.
- Covered key components with React Testing Library across eight active days of work.

Activities & Extracurriculars

Colverton CS Study Circle, Peer Documentation Editor Sep 2022 – May 2023

- After classmates repeatedly asked the same setup questions for a shared Node.js project, wrote a short onboarding guide.
- Found clear written walkthroughs unblocked more peers than answering questions individually, and repeated this for other group projects.

Skills & Interests

Language: JavaScript
Frontend: React, HTML/CSS
Backend: Node.js
Data: MongoDB
Quality: Unit Testing
Mobile: Native iOS/Android (Advanced)
Product: Technical Writing
