Education

Bramblewood Institute of Technology , Bramblewood	December 2025
Bachelor of Science in Computer Science; Minor in Communication Studies	GPA: 3.55/4.0
Coursework: Client Systems Integration, Software Architecture, Technical Writing	

Projects

My Web App	Oct 2025 – Sep 2026
Dart, TypeScript, Python, HTML	
Built a full-stack TypeScript and Python application with Playwright end-to-end tests, Docker packaging and continuous integration across a large codebase.	

Angular Hosting	Jan 2021 – Oct 2024
TypeScript, HTML, SCSS, JavaScript	
Maintained an Angular and Firebase hosting project in TypeScript over several years, adding automated tests alongside incremental feature work.	

Activities & Extracurriculars

Bramblewood Tech Consultants (Student Chapter) , Technical Liaison	Sep 2024 – Present
- Volunteered to translate feature requests between classmates using different stacks, TypeScript and C#, for a shared campus project. - Found that explaining one team's technical constraints to another was more rewarding than owning a single codebase, pointing toward consulting-style work.	

Skills & Interests

Language: TypeScript, C#, JavaScript, SQL
Frontend: HTML/CSS
Data: Data Modeling
DevOps: GCP/Azure, CI/CD, Docker, Linux & Server Administration
Quality: Integration & E2E Testing, Unit Testing
Mobile: Flutter, Native iOS/Android
Product: Technical Writing
