Experience

Fairview Secondary School, Fairview Aug 2020 – Jun 2024
English Teacher

- Explained new grading software to fellow teachers after a rushed rollout left many confused about basic features.
- Started writing short how-to guides for the school's tools, and noticed colleagues finally stopped asking the same questions.

Projects

Fabianoobispo, Personal Project Jan 2025 – Sep 2026
TypeScript, Next.js, chart.js

- Built a Next.js application with authentication and chart.js dashboards, then documented setup steps for a teammate joining the project.
- Packaged the app with Docker after inconsistent local environments caused confusing bug reports between contributors.

Fbc Podcast, Personal Project Nov 2024 – Nov 2024
TypeScript, Next.js, OpenAI API

- Prototyped an OpenAI-powered feature for a podcast site, drawing on years of explaining complex ideas to a general audience.

Education

Bellhaven University, Bellhaven May 2020
Bachelor of Arts in English Literature
Coursework: Web Development Fundamentals, Technical Writing

Activities & Extracurriculars

Northlight Developer Meetup, Documentation Volunteer Sep 2025 – Present

- Started a plain-language blog translating AWS and authentication concepts for developers switching careers, drawing on classroom experience.
- Revised early posts after readers said the jargon-heavy first drafts assumed too much prior knowledge.

Skills & Interests

Language: TypeScript
Frontend: Tailwind CSS, Next.js, React, Frontend State Management
Backend: Authentication & Authorization
Data: Data Visualization
AI/ML: LLM Application Development
DevOps: AWS, Docker
Product: Technical Writing
