Education

Merehaven School of Media and Computing , Merehaven	May 2026
Bachelor of Arts in Digital Media; Minor in Communication Studies	GPA: 4.3/5.0
Coursework: Interface Critique, Information Architecture, Collaborative Media Studio	

Experience

Paperkite Learning Studio , Merehaven	May 2025 – Aug 2025
Digital Experience Intern	
- Collected recurring participant questions and reorganized them into concise interface feedback for the studio team instead of isolated requests. - Facilitated review sessions when preferences and implementation constraints conflicted, restating disagreements as concrete choices to discuss. - Learned he was most engaged clarifying what a team should make and why, rather than owning every implementation detail.	

Projects

Clone Tabnews , Independent Project	Nov 2024 – Jun 2025
JavaScript, Next.js, React, PostgreSQL, Jest	
- Developed a JavaScript project with Next.js, React, React DOM and PostgreSQL across 18 repository files. - Maintained an automated Jest test suite while iterating through 17 commits over 10 active development days.	
Estudo Electron , Independent Project	Sep 2025 – Sep 2025
JavaScript, HTML, CSS	
Built a 61-file JavaScript, HTML and CSS desktop project using Electron Forge tooling and platform packaging makers.	
Desafio02 Trilhareact Rocketseat , Independent Project	Nov 2021 – Nov 2021
TypeScript, SCSS, JavaScript, HTML, React	
Implemented a 26-file React exercise with TypeScript, SCSS, JavaScript and HTML using React DOM and Babel tooling.	

Activities & Extracurriculars

Margin Notes Collective , Critique Session Facilitator	Sep 2024 – May 2026
- Introduced a practice of separating observations, user questions and proposed solutions after critique meetings repeatedly collapsed all three into a single discussion. - Rotated who presented unfinished work first and summarized unresolved tradeoffs, giving quieter members a clearer point to re-enter conversations.	

Skills & Interests

Language: JavaScript, TypeScript
Frontend: React, Next.js, HTML/CSS
Data: PostgreSQL, Web Scraping
Quality: Unit Testing
