Education

Ashwick Falls University, Ashwick Falls May 2023
Bachelor of Science in Computer Science; Minor in Business Administration GPA: 3.5/4.0
Coursework: Mobile Application Architecture, Software Design Patterns, Intro to Product
Management, Data Structures

Projects

MVVM OAuth2 Android App, Personal Project Dec 2020 – Dec 2020
Kotlin, Java

- Built an Android app with MVVM architecture using Dagger2, RxJava and Retrofit, adding OAuth2 authentication with ViewBinding.
- Organized the implementation across 126 files to separate networking, view and data layers.

MP4 Downloader, Personal Project Jan 2022 – Jan 2022
Kotlin

- Built a second Android app in Kotlin, integrating Firebase Crashlytics and Google Play services into the build.
- Structured the project across 131 files while wiring Dagger for dependency management.

Activities & Extracurriculars

Ashwick Mobile Dev Circle, Architecture Reviewer Dec 2020 – Jan 2022

- Compared MVVM patterns across personal Android apps and wrote short notes so club peers could reuse them.
- After peers spent more time debating architecture than shipping, began facilitating short scoping talks before each build.
- Found guiding these discussions more engaging than implementing every screen, a signal behind pursuing a mobile product direction.

Skills & Interests

Mobile: Native iOS/Android
